

A 'titanic' electro-mechanical achievement

The company's Electro-mechanical & Refrigeration business executed HVAC works of 55TR in just 29 days, for Titan Industries' watch assembly unit at Pantnagar. The feat earned the personal congratulations of Bhaksar Bhat, MD of Titan Industries.

The record-breaking task was accomplished through effective coordination with civil, electrical and other contractors, meticulous planning, on-schedule delivery of materials, and quick responses to all work-related contingencies.
